TEXT Jon: **07802 721140**

VISIT: **www.DeLever.com/stevington**

Hello and welcome. My name is Jon Lever and I live in Stevington where I run my business and develop my entrepreneurial ideas. I'm fortunate to have a large printer and I'd like to offer access to it for anyone in the community

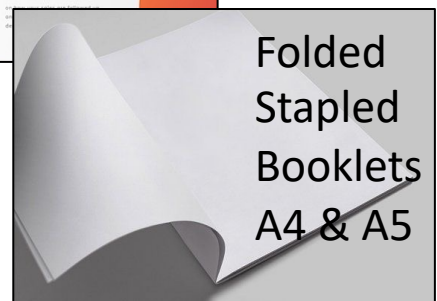

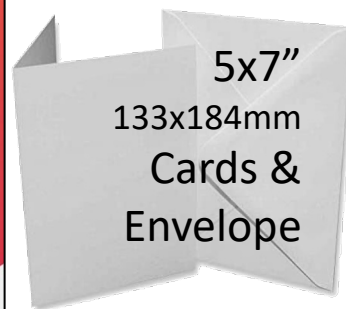

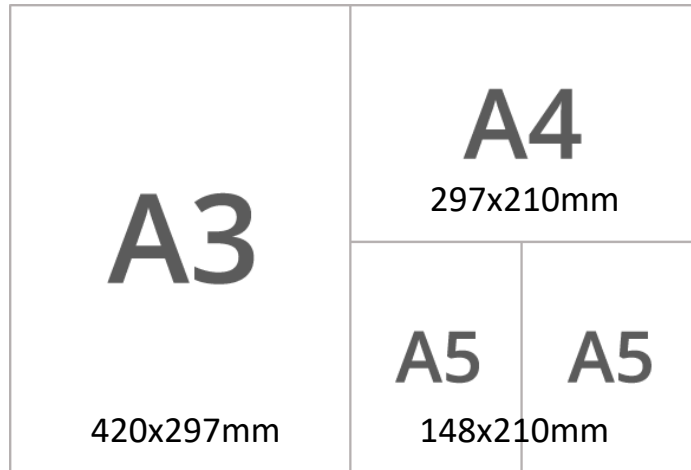

looking to print, photocopy, or scan any of their projects. Bring your projects to life with my printing, photocopying and scanning services!

Printing, Scanning and Photocopying made easy!

Let me help you bring your projects to life with my wide range of printing services. Whether you need **A5, A4 or A3, Black and White or Full-Colour prints**, folded and stapled **booklets, flyers, posters, 5x7 greeting cards** (one-off or multiples), or **scanning of documents up to A3** with the option of **scan-to-email or scan-to-hard copy**, I can make it all happen for you.

Plus, with my large laser printer, I can handle pretty large volumes of any project you can think of. I can even help you create the original documents too! Just ask and we can work out how I can help you...

Massive saving on costs!

As I already lease the printer for my own business, I am able to give you really competitive rates based on what is available elsewhere at local dedicated print shops. I will quote you a price for every project, but to give you an idea here are my standard printing prices:

Size	Black & White	Colour	Comments
A5	25p	40p	Double sided = Rate x 2 You could Fit 2 A5 on an A4 but you will need to cut in half
A4	25p	40p	Double sided = Rate x 2 You could Fit 2 A4 on an A3 but you will need to cut in half
A3	35p	60p	Double sided = Rate x 2
5x7 Cards	£2.90 each (blank inside), but may also incur a set up fee		Birthday, Christmas, any occasion 5x7 White card and a white envelope
Scanning to email	Scan: 25p per sheet Hard copy? As above		Emailed or hard copy. If email size is an issue, I will use wetransfer.com

- No minimums and I may be able to do better prices for volume
- Special projects will need to be discussed and quoted
- 5x7 Cards 250GSM I will need to be discuss your needs
- 80GSM white paper cost included but special papers can be discussed
- If you require an invoice the above prices will be plus VAT

Why not get in touch and let's have a chat:

TEXT: **07802 721140** Or VISIT:

www.DeLever.com/stevington

Please Note: There is little point trying to call me as I will, invariably, be doing my day job and in meetings or delivering courses. But if you prefer to call, rather than text or fill out an online form) then just leave a message and I will get back to you as soon as possible.

Availability & Timescale

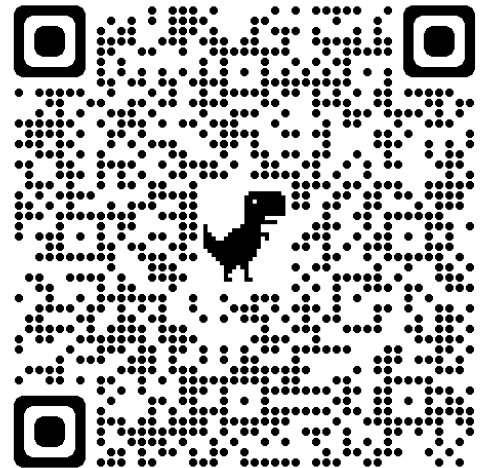

I already run a successful surveyor training company day to day, but as I predominantly work from home, in Stevington, I can offer you my local support. I will need sufficient notice to help you deliver your project as I am not like a dedicated print shop that can necessarily turn things around with little notice. However, if you are on a tight timescale then get in touch asap and I'll see if I can support you with any last-minute needs.

Job Information

When you contact me, via text or by using my online form on my website, please try and give me as much information as you are able, for example:

- Your name and contact details?
- What printing you want?
- The size?
- Black and White or Full Colour
- How many copies?
- Your timescales?
- Anything else of relevance?

You can use the QR code to access my online enquiry form on your smartphone...

And there is more...

I am also a keen enthusiast with **3D printing and Laser Engraving** too, so if that is something you would like to find out more about or want something unique creating, then please let me know and we can have a chat. I have put some examples of everything I am currently working on creating on my website www.DeLever.com/stevington

Oh! and this flyer was designed by me and printed on my large full colour printer...
